15% OFF until March 31, 2025

The Lucky Iron Fish is a simple cooking tool that is designed to add a significant portion of your daily required iron intake when added to any boiling liquids for 10 minutes. Simply add it to boiling water or any liquid-based meal (such as soups, stews, rice, etc.) and 10 minutes later, you now have iron-fortified water or food!

Calling all  
Midwifery Students,  
Faculty & Staff...

**WE NEED  
YOUR  
VOICE!**

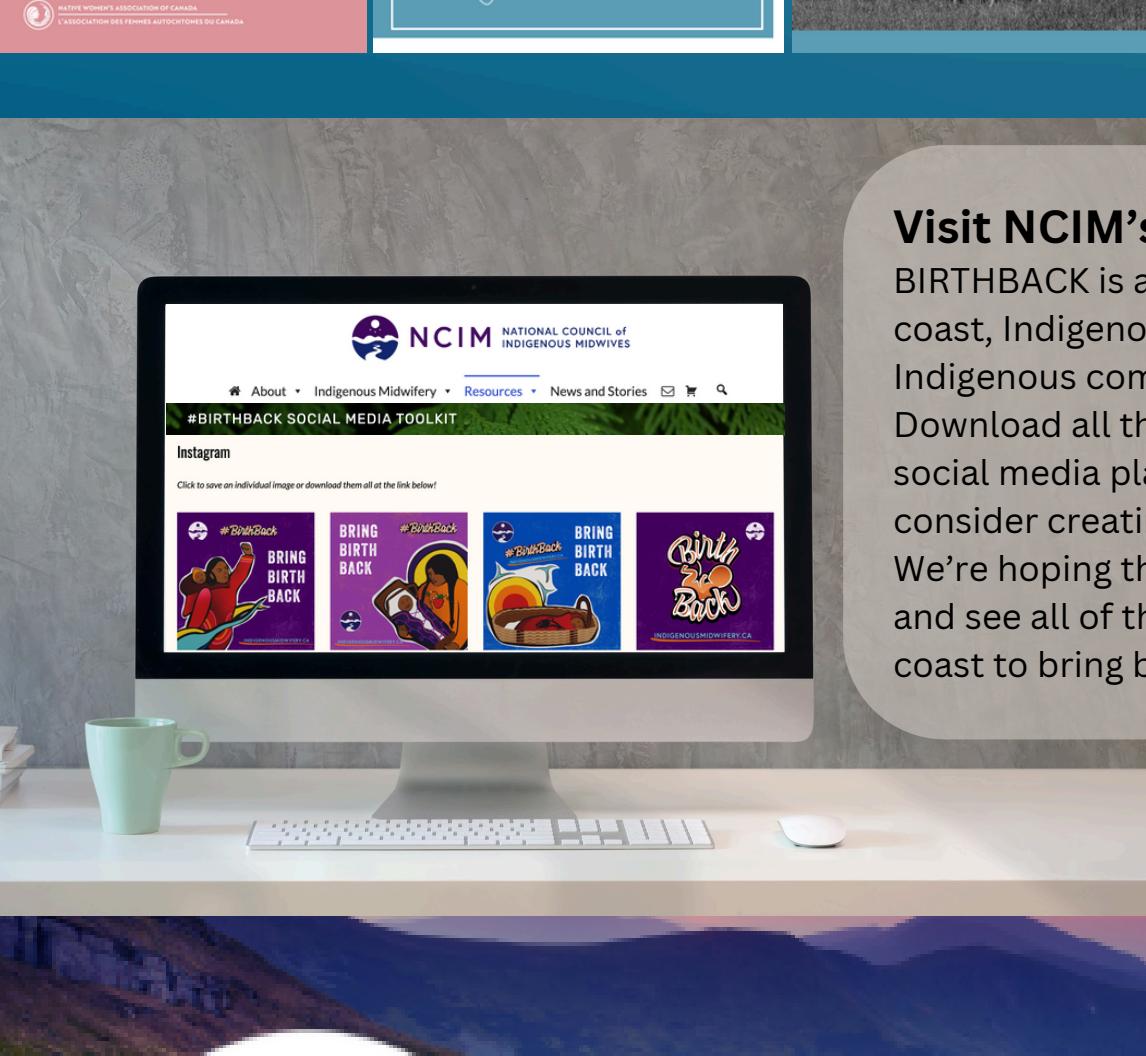

This survey is open to students, faculty, staff, and administrators at:

- McMaster University
- Toronto Metropolitan University
- University of British Columbia
- Université du Québec à Trois-Rivières
- Mount Royal University
- University of Manitoba

Your feedback will help create safer, more inclusive midwifery education spaces for Indigenous educators and students. All responses are confidential.

Take our Survey on Anti-Indigenous Racism

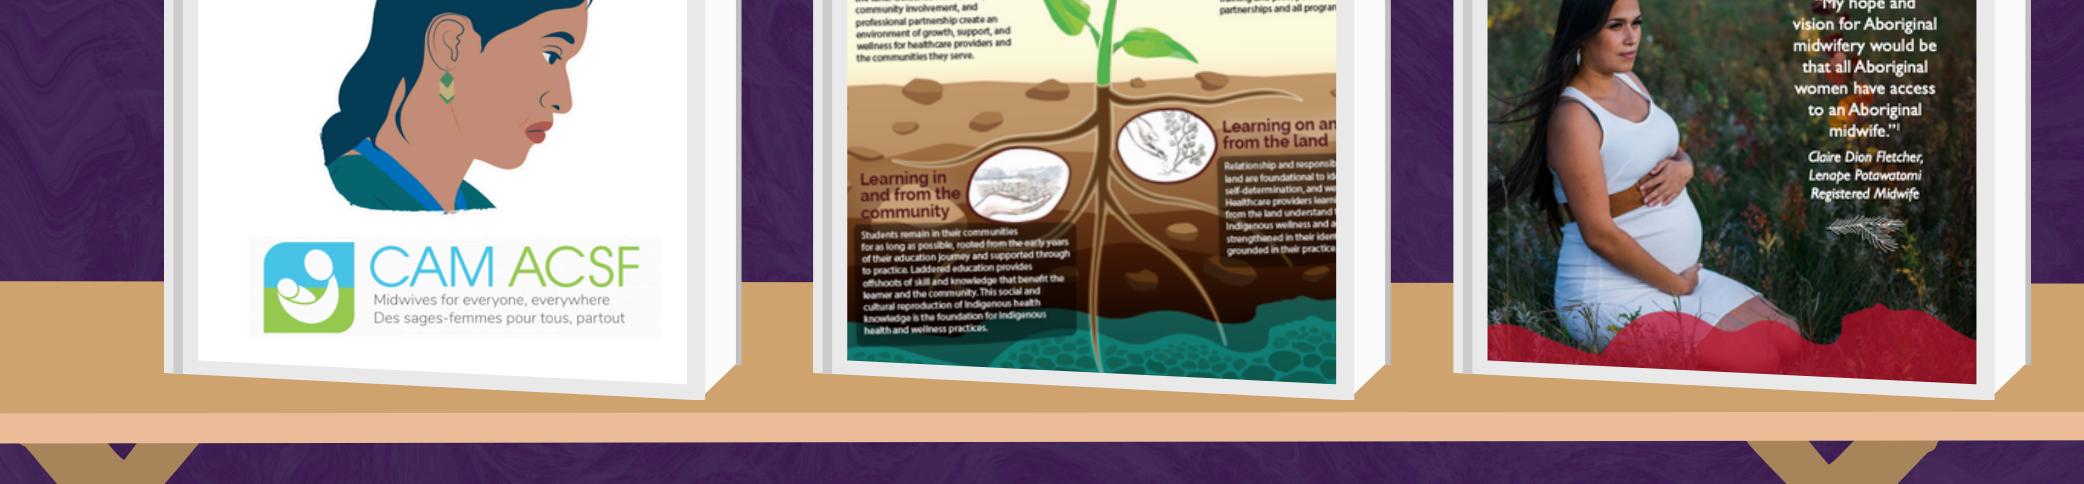

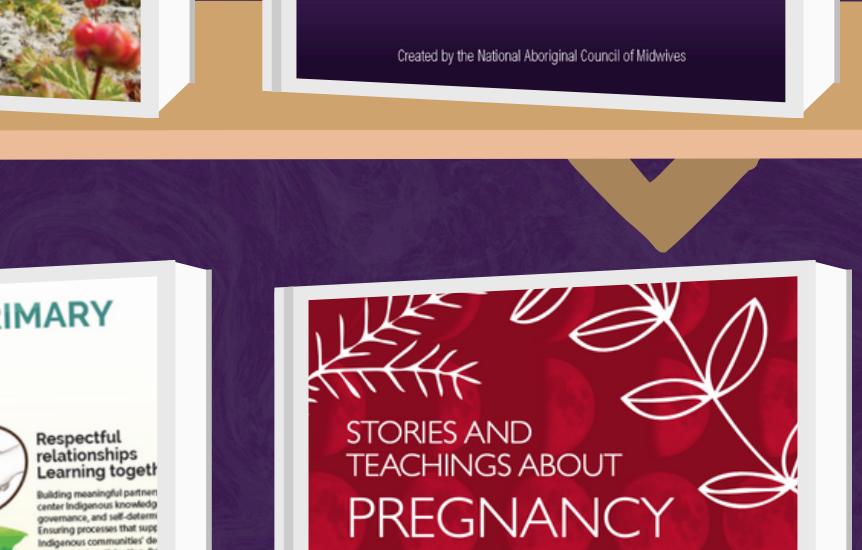

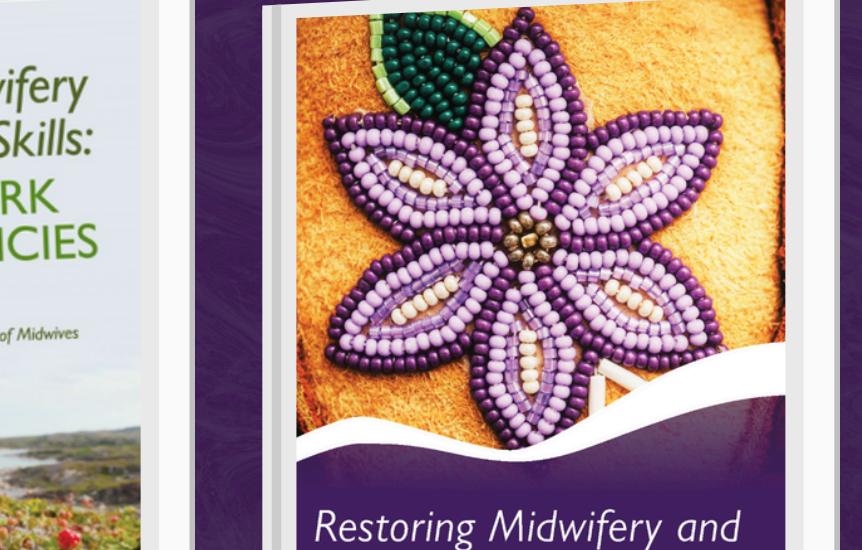

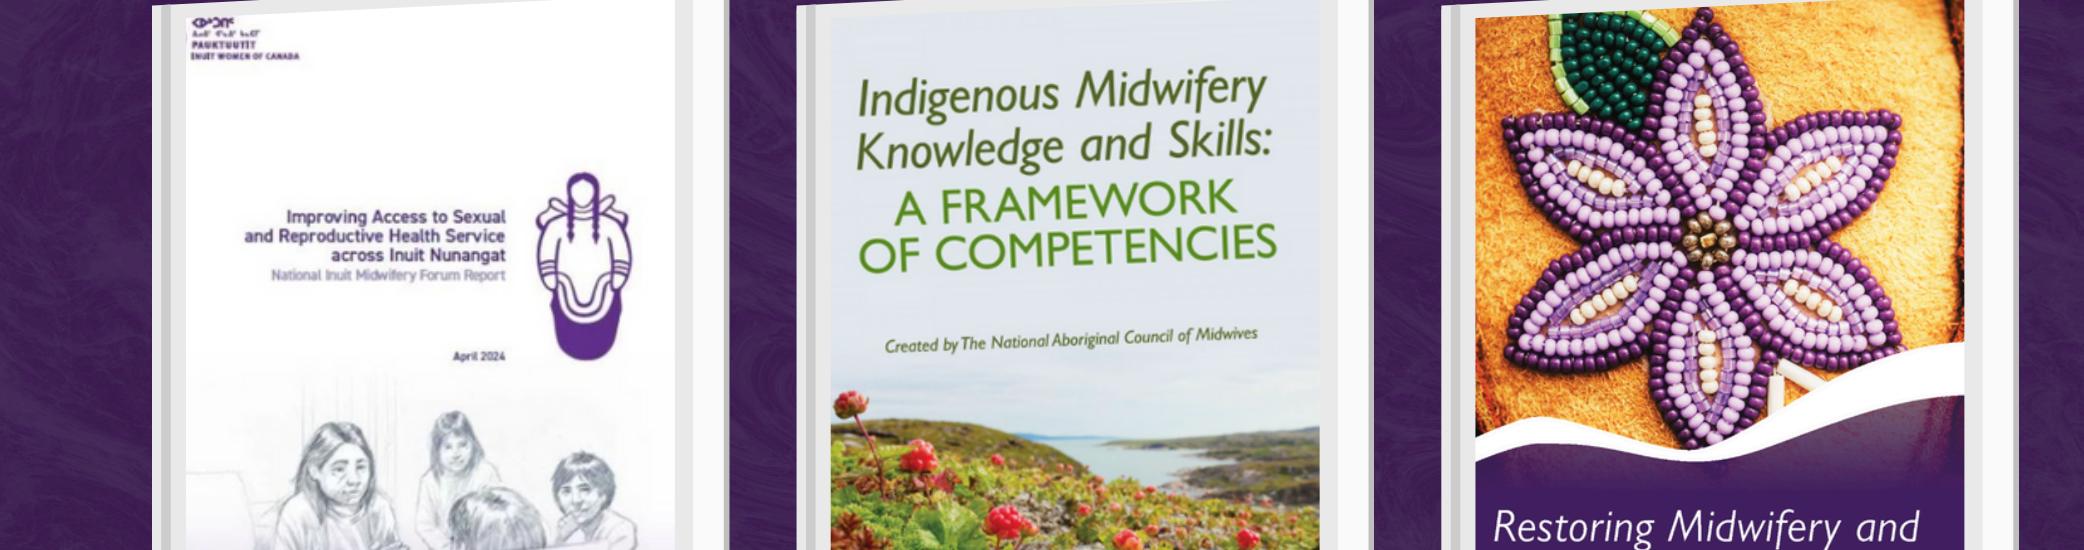

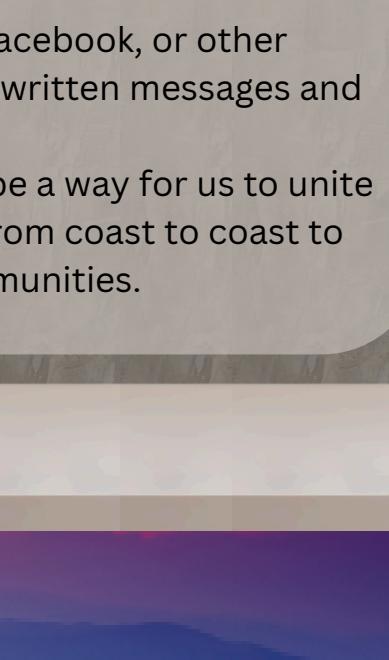

**EXTENDED TO MARCH 7, 2025**

The Indigenous Education Primer is a resource that can be used to provide guidance and information for learners, staff, educators (faculty, instructors, teaching assistants), and administrators at McMaster and for local Indigenous communities looking to engage with the university. Its purpose is to inform the McMaster community and other Indigenous education stakeholders about Indigenous histories, worldviews, education & pedagogy, and relationships with McMaster University

Visit NCIM's #BIRTHBACK Social Media Toolkit

BIRTHBACK is a movement to reclaim birth. From coast to coast to coast, Indigenous midwives are returning midwifery and birth to Indigenous communities.

Download all the templates for Instagram, Facebook, or other social media platforms. Copy and paste pre-written messages and consider creating links to our videos.

We're hoping the hashtag will catch on and be a way for us to unite and see all of the amazing work happening from coast to coast to coast to bring birth back to Indigenous communities.
